GOLDEN GIRLS

All models are 18 years or older.

One of the easiest ways to distinguish a top-flight line of adult movies from the ordinary run-of-the-mill stuff is to consider the models.

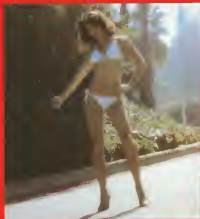

Porno models can come in all sizes and shapes, some well-endowed and others practically fitless. It's the line that consistently gives you models whom you'd like to have right in your very own bedroom that usually has the biggest-selling movies. And that's one of the reasons why Golden Girls is the best of the bunch!

Let's take, for example, that randy redhead we meet in *ON THE ROAD* (GG #10), or that super Susan Hayward look-alike in *ORANGE BLOSSOM SUMMER* (GG #11). When you've got chicks like these working for you, who needs anything else!

But with Golden Girls movies you get a lot more. There's professional photography utilizing all the best techniques that you'd see on the Hollywood big screen. Color rendition is above average, and the editing is tight and concise.

That's the Golden Girls secret: delivering top-quality adult movies!

ON THE ROAD	4
LEZ LIMO	13
ORANGE BLOSSOM SUMMER	21
THE SERVICE MAN	30

It's a quiet residential street and this knockout of a brunette poses seductively along the curb side in nothing more than a skimpy bikini. She stretches, letting us see the superb skin tone that we just know is going to be shown off so even better advantage in the minutes to come. And sure enough, pretty soon a guy drives alongside and can't resist stopping to savor the sight that greets him. They talk as he looks her over and she gets a chance to see that bulge he's sporting. Once inside the car she goes to work on his ear driving him right up the goddamn wall. So, knowing he's latched onto the real thing, they drive off to his house. Once inside, they lose no time in getting naked, and he loses no time in getting his fingers deep inside her glistening twat, which makes it her turn to climb the walls. God, does she put out the juice while he's jiggling her! Well, this stud isn't about to let his fingers have all the fun, so he gets his tongue right into the business section and taps her out.

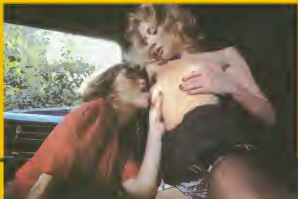

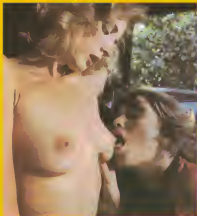

How would you like to be the driver of a chauffeured limousine and have to sit by while your hot piece of a passenger orders you to stop so she can dally with another nice piece of tail? That's what's in store for the driver here as he squares his lovely blonde mistress around in the Caddy. They come to a stop sign, and what's waiting there beside the stop sign but a truly luscious redhead, all decked out in a tight red top and black pants that look like they're ready to split any second! The driver stops and the two horny women exchange a few words, then they exchange tongues in deep, penetrating tongue kisses. So, hitting it off well, the hitchhiker is invited into the back seat with the blonde and they really go at it! There is some of the hottest pussy-lapping ever presented in an adult movie, with tongues penetrating deep into twats. Stunning closeups of ctit-nibbling make this a scene to remember! Who needs a man with action like that!

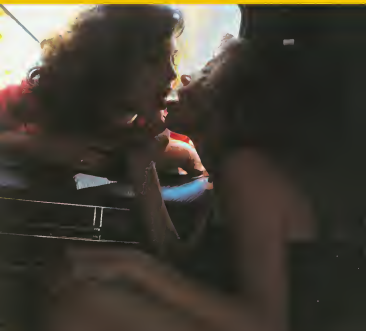

There's no oranges up in this tree, but there is a sizzling, naked broad who's the hottest piece of fruit we've ever seen in a tree. Yep, she's right up there in the nude, among the branches filled with green leaves, wma likes to finger and fondle herself, and as she parts her pussy lips we get treated to some tender, glistening pussy flesh. But we're not the only ones watching kina's tantalizing actions. Her Oriental friend Iko is watching from the garden gate, and even Iko can't resist getting into the act as she gives her tits a massage, wma spots Iko and gives her a friendly wave, and before you can say "Inko ladies," these two are hotly entwined together. These two pussy cats meet, with a gripping tongue kiss, then proceed to teasing at each other's um, lunch. It's easier for them to get into each other's depths around the poolside, where Iko's jugs get bathed in bliss. But the real sizzling climax to this film comes as the girls carry their water sports into the tub, where they father each other into a frenzy! Truly, this is one of the hottest scenes in adult movies today as hot lathered tits rub against hot lathered ass!

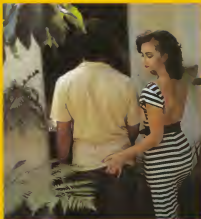

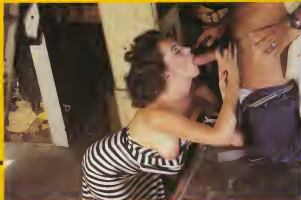

Gretchen is a beautiful young woman who looks an awful lot like Susan Hayward, and her looks manage to get her very well fucked! Gretchen apparently has some problem with an appliance, and so she puts a call in to the repair man. But Gretchen is a hot number who can't keep her fingers off herself even as she talks on the phone. Could be she wants a man far more than just appliance repair! Well, the stud arrives, and Gretchen quickly sweeps him into her garage where she hosts up her zebra striped dress and lets him feast his eyes on better things. Each undresses the other and it's easy to understand the stud's eagerness since he's confronted with a beautiful and truly hot piece of tit. Gretchen starts her routine with some really good blow job action, and the stud is nearly turned inside-out by what she does to the engorged head of his cock. Wow! He's built big, but she gets it all down and still craves more. Her eyes roll in ecstasy as she works on that prick, and then we're treated to some super close up stuff while the stud whips her cunt into a turmoil.
